 **Active Shift in Progress**
Clocked in at 11:16:31 (Zurich time). Don't forget to clock out when your shift ends!

 **Did you know?**

All attendance times are verified against an external time API for the Europe/Zurich timezone. This ensures accuracy across all locations and prevents time manipulation.

 **Attendance**

Clock in when you start your shift. Clock out when you finish.

Currently Working

All times are recorded in Europe/Zurich timezone via external API

 **Current Shift**

Clock In: **11:16:31** Date: **Jul 26, 2026**

Notes (optional)

e.g., Leaving early for doctor appointment

 All timestamps sourced from WorldTimeAPI.org (Europe/Zurich)

 **Double Clock-In Prevention**

You cannot clock in again if you have an active shift. You must clock out first.

 **Time Source**

All times are sourced from WorldTimeAPI.org for the Europe/Zurich timezone — never from your browser.

 **Auto-Flagging**

Shifts longer than 14 hours are automatically flagged for admin review.

 **Full Audit Trail**

Every clock-in, clock-out, and adjustment is permanently logged for transparency.
